The sport of Dock Jumping has been seen all over the country by many organizations. The growth of the sport is ongoing and Super Retriever Series continues to support this sport. This competition is fun for everyone – young and old. Boys, Girls, Moms, Dads and Grandparents all can participate with their canine companions. Seeing the sheer exuberance of a dog jumping from 1 foot to 20 feet into a pool of water is a great expression of joy in the outdoors.

SRS SUPER DOCK RULES AND REGULATIONS

Dock Specifications

- Dock length: 40 feet up to 50 feet
- Dock Height from water: 24 inches
- SRS Approved surface
- Pool up 50' x 20' 4 feet deep.

General Rules

All games on the dock are open all breeds and all ages - dogs and handlers. You do not have to be a registered purebred canine to participate in any of the SRS Dock events. A SRS Dock "Team" consists of 1 dog and 1 handler. Only 1 person is allowed on the dock during competition with the dog, unless you are a Tyke Flyer, Amateur(Novice) Flyer, or Junior Flyer that would need assistance with 2 people on the dock. If you participate with 2 handlers on the dock you are only eligible for UKC titles. (*SEE UKC DOCK TITLES*)

SRS Qualifying competitions will require only 1 person on the dock. Double handling is considered 2 handlers on the dock or a handler in the area off the dock giving commands to the dog on the dock. If you are interested in UKC titles, you will need to be registered with UKC.

No choke, prong, retractable leads will be allowed on the dock and No E-collars on site.

Dogs in season will not be allowed to compete. If a competitor attempts to bring a dog in season to the dock, that team will be immediately disqualified, and the handler and all of their dogs will be barred from competing for the remainder of the year including the SRS Crown Championship.

The Event staff may not allow a dog to compete on the dock that appears to be injured.

No dog may be pushed/thrown off the dock.

If a dog has problems getting out of the pool, it is the handler's responsibility to get him out.

If a dog snaps or growls aggressively at any of the organizers, it is at the SRS Organizer discretion whether to let the dog continue to compete.

Dogs must be restrained on leash or always kenneled when they are not on the dock competing. Owners must have dogs' vet/health records available if need be.

Preregistration is available online at www.HuntSecretary.com. If not available online, you will register onsite 1 hour prior to competition. These events do sometimes fill up, so we suggest you arrive early.

The competition dock times will be listed in the Schedule of Events on the website and under Events on www.Facebook/SuperRetrieverSeries. Dock times listed on the schedule of events may change based on various factors, it is the competitor's responsibility to verify the schedule on site and each splash time.

No practicing will be allowed without SRS personnel present. If the bar is up, the dock is closed.

All handlers should be prepared to be on camera and should dress accordingly.

Handlers can register an unlimited number of dogs and there is no limit to the number of dogs the handler has advanced to the final round. However, if you and someone else are jumping the same dog and both make it to the finals round in the same division, you will have to choose a handler to participate in that final round. The dog will only jump with one handler in the finals round.

There will be a 1-minute time limit on the dock per jump for all Pro, Elite and Marvel Division teams. 2-minute time limit for all other categories.

All rules stated will be in effect for the Super Retriever Series. All decisions made by the Super Dock organizer and/or tournament officials will be final in all matters. The tournament director and/or tournament officials may make a change to these rules when the safety of a team or the integrity of the Super Retriever Series is in question.

RAIDER RUN

Count down will start, Dog will leave dock on final number 1.

Dog will swim to bumper extended from the end of the pool, take bumper and head back to ramp. Time will stop once the dog reaches a designated finish line.

(40 foot pool will be the 10 ft mark, 50 foot pool will be 20 ft mark.)

Finish line will be determined so that dogs don't slow down as they approach the ramp.

No toys on the dock will be used to entice the dog at end of the dock or pool.

Toy can be used on the exit ramp to entice in exchange for bumper and exiting ramp.

FUN JUMP

Fun Jump is an open dock for all to participate. Many of the SRS venues request Fun Jumps for new folks and the Locals to participate in. They will possibly get hooked with the Dock jumping bug. Many newcomers have come in and won an Amateur competition. There is no fee for Fun Jumps. You must sign a waiver.

2 – 3 minutes on the dock.

Remember this is a practice time for the Elite, Pro and Amateur competition dogs as well.
